TechBridge Sol

Employee Leave and Time Off Policy

Effective Date: January 2026
Applies To: All Employees (subject to local labor laws)

1. Purpose and Scope

TechBridge Sol recognizes that adequate rest and personal time are essential to employee well-being, productivity, and long-term performance. This Employee Leave and Time Off Policy defines the types of leave available to eligible employees, outlines eligibility requirements, and establishes procedures for requesting and approving leave.

This policy applies to all employees of TechBridge Sol globally. Where local labor laws or statutory regulations differ from this policy, applicable local legal requirements will take precedence. The company reserves the right to modify or update this policy in accordance with business needs and legal obligations.

2. General Leave Principles

Employees are encouraged to use available leave benefits responsibly and in a manner that supports both personal needs and business continuity. All leave requests are subject to managerial approval and operational requirements.

Leave entitlements, accrual rates, and carryover limits may vary based on employment type, job role, location, and applicable laws. Employees are responsible for understanding their local leave entitlements and coordinating leave requests with their managers in a timely manner.

Unapproved or excessive absenteeism may result in corrective action in accordance with company policy.

3. Paid Time Off (PTO)

Eligible employees receive Paid Time Off (PTO) that may be used for vacation, personal matters, or rest. PTO is intended to provide flexibility while ensuring employees have sufficient time away from work.

PTO accrual rates, maximum balances, and carryover provisions are determined by regional guidelines and communicated by the Human Resources department. In some regions, PTO may be granted as a fixed annual entitlement rather than accrued over time.

Employees are expected to plan PTO in advance, particularly for extended absences, and to coordinate with their teams to ensure adequate coverage of responsibilities during periods of leave.

4. Sick Leave

Sick leave is provided to allow employees to recover from illness or injury and, where permitted by local law, to care for immediate family members. Employees should notify their manager as soon as reasonably practicable when sick leave is required.

In cases of extended illness or repeated absences, medical certification or supporting documentation may be required, subject to local legal and privacy requirements. Abuse of sick leave benefits may result in disciplinary action.

Employees are encouraged to prioritize health and should not report to work when experiencing illness that may pose a risk to others.

5. Public Holidays

Employees are entitled to observe public holidays recognized in their country or region of employment. Official holiday calendars are communicated annually by Human Resources.

Where business requirements necessitate work on a public holiday, employees may be eligible for alternative time off or additional compensation, in accordance with local labor laws and company policy.

6. Parental Leave

TechBridge Sol provides parental leave to support employees welcoming a new child through birth, adoption, or other legally recognized means. Parental leave entitlements vary by jurisdiction and are administered in compliance with local regulations.

Employees planning to take parental leave should notify Human Resources as early as possible to facilitate planning, benefit coordination, and workload transition. Additional documentation may be required depending on local legal requirements.

7. Special and Unpaid Leave

Additional leave types may include, but are not limited to:

- Bereavement leave
- Jury duty
- Military service
- Unpaid personal leave

Eligibility and duration for special leave depend on local laws and company policy. Requests for such leave must be submitted to Human Resources with appropriate documentation where required.

Approval of unpaid leave is subject to management discretion and business needs.

8. Leave Request and Approval Process

All leave requests must be submitted through the designated company system or approved communication channel and reviewed by the employee's manager. Approval decisions are based on operational requirements, team coverage, and compliance with this policy.

Employees are responsible for ensuring that all assigned responsibilities are appropriately managed or delegated prior to taking leave.

Failure to follow leave request procedures may result in denial of leave or corrective action.

9. Policy Compliance and Administration

This policy is administered by the Human Resources department. Questions regarding leave entitlements, eligibility, or procedures should be directed to Human Resources.

Failure to comply with this policy may result in corrective or disciplinary action, up to and including termination of employment, in accordance with applicable laws and company policies.

10. Policy Review and Updates

TechBridge Sol reserves the right to amend, modify, or terminate this policy at any time to reflect changes in business needs or legal requirements. Employees will be notified of material changes in a timely manner.
