TechBridge Sol

Acceptable Use Policy

Effective Date: January 2026
Applies To: All Employees, Contractors, and Temporary Staff

1. Purpose

The purpose of this Acceptable Use Policy (AUP) is to define acceptable behavior and usage of TechBridge Sol's information systems, networks, and technology resources. This policy ensures that all users understand their responsibilities and obligations to protect company assets, maintain productivity, and comply with legal and regulatory requirements.

All employees, contractors, and temporary staff are expected to adhere to this policy. Violations may result in disciplinary action, including termination or legal consequences.

2. Scope

This policy applies to:

- Company-owned hardware, software, networks, and cloud resources
- Company-provided mobile devices, laptops, and other endpoints

- Personal devices used for company business under Bring Your Own Device (BYOD) policies
- Third-party systems accessed with company credentials

All information transmitted, stored, or processed on company systems is subject to monitoring and compliance requirements.

3. Acceptable Use

Employees may use company technology resources for:

- Performing assigned job duties
- Accessing approved business applications and platforms
- Conducting company-related research, collaboration, and communication
- Professional development and training, as approved by management

All usage must comply with company policies, applicable laws, and security standards.

4. Unacceptable Use

The following activities are strictly prohibited:

- Unauthorized access to systems, networks, or data
- Circumventing security controls or monitoring tools
- Downloading or installing unapproved or pirated software
- Sharing confidential information outside authorized channels
- Using company resources for personal financial gain or commercial activities
- Engaging in harassment, offensive, or discriminatory communication
- Visiting or distributing malicious, illegal, or inappropriate content

Employees found engaging in unacceptable use may face disciplinary action up to and including termination.

5. Internet and Email Usage

Company-provided internet and email services are intended for business purposes. Guidelines include:

- Use professional and respectful language in emails and communications
- Avoid sending sensitive information through unsecure channels
- Do not open suspicious email attachments or links
- Personal use should be minimal and not interfere with work responsibilities

All email and internet activity may be monitored to ensure compliance with this policy.

6. Social Media and Collaboration Tools

Employees representing TechBridge Sol on social media or collaboration platforms must:

- Protect company confidential and proprietary information
- Avoid posting content that could damage the company's reputation
- Clearly distinguish personal opinions from official company statements
- Follow company social media guidelines

Violation of social media rules may result in disciplinary action.

7. Device and Data Security

Employees must maintain secure devices and protect company data:

- Use approved passwords and enable multi-factor authentication
- Encrypt sensitive data where required
- Secure mobile and laptop devices physically and electronically
- Report lost or stolen devices immediately to IT

Failure to secure devices or protect data may result in corrective or disciplinary measures.

8. Monitoring and Privacy

TechBridge Sol reserves the right to monitor usage of its technology resources to ensure compliance with this policy. Monitoring may include:

- Network activity and traffic
- Email and messaging systems
- Access to cloud applications and storage

Employees should have no expectation of privacy when using company systems for work purposes. Monitoring is conducted in compliance with local legal requirements.

9. Reporting Violations

Employees are responsible for reporting suspected violations of this AUP to:

- Their manager or supervisor
- IT Security team
- Human Resources, where appropriate

Reports can be made anonymously when necessary. Retaliation against employees reporting in good faith is strictly prohibited.

10. Policy Review and Updates

TechBridge Sol will review and update this Acceptable Use Policy regularly to reflect changes in technology, regulations, and business needs. Employees will be notified of updates and are expected to comply with the latest version.
